

Space Clearing and Blessings

Peoples of past and current day alike leave imprints and may affect the land in positive and negative ways. We are all ultimately responsible for how we choose to interact with the elements and our environments. Sometimes energy becomes "stuck" in a location and can have undesirable effects on those living with or around it. During this ceremony, the unusable or unwanted energies are cleared from the space in a loving, compassionate way after which it's time for the new dreams, visions and intentions to be planted and take root. The ceremony concludes with a blessing and celebration.

Reasons for scheduling a blessing include, moving into or out of a space whether purchased , leased or rented (home, land, office), construction or deconstruction of a structure, at a transitional time (birth, marriage, death, divorce, adoption), after an unwanted incident occurs (theft, accident), or when a change in a usually harmonious environment occurs and doesn't self correct.

"Today a new sun rises for me; everything lives, everything is animated, everything seems to speak to me of my passion, everything invites me to cherish it." Anne de Lenclos
